

File Locations for TeleType GPS US Aviation and Street Maps (#9097)

When installing the TeleType GPS program on desktop computer (or laptop) and Pocket PC, the default directory is C:\Program Files\GPS. TeleType GPS software automatically creates a shortcut to the executable file (gps.exe) in the \Start\Programs menu.

GPS Program	Desktop Computer	PDA
gps.exe	C:\Program Files\GPS	\Program Files\GPS

TeleType GPS Aviation CD also includes several utility programs, such as

1. Weight & Balance – a program that allows you to modify the weight and balance parameters of your aircraft to determine flight load envelop. Directly installed to PDA.
2. Aviation Checklist – a program that allows you to make up your own checklist for the aircraft you fly). Directly installed to PDA.
3. E6B Flight Planner – a program that calculates Great Circle distances, fuel consumption, and heading corrections.

Before you install these programs, please refer to the corresponding user guide (located in the same directory with the executable file).

Programs	GPS CD	Desktop Computer	PDA
Weight & Balance	\Aviation\9071_Weight&Balance\setup.exe	N/A	\Program Files\WB
Aviation Checklist	\Aviation\9072_Checklist\Setup.exe	N/A	\Program Files\TeleType\Pocket Pilot Checklist v1.0
E6B Flight Planner	\Aviation\E6B Flight Planner\Flight Planner.exe	C:\Program Files\GPS\E6B	\Program Files\E6B

When you insert the GPS CD into the CD drive, an automatic installer shows up. However, if you want to activate the installer manually, please click the setup.exe file according to the table below.

Installer Wizard	GPS CD
setup.exe (for both GPS program and maps)	\setup.exe
setup.exe(for GPS program)	\install files\setup.exe
setup.ext(for GPS maps)	\maps\setup.exe

Installing the TeleType GPS program to laptops may require INF files. The INF files are included in the CD.

INF Files	GPS CD
TeleType10902.inf (for Windows 98/2000/ME/XP)	\Com_inf_1358

TeleType GPS maps are installed on the desktop computer (or laptop) first and then can be EXPORTED to the main memory or the storage card of Pocket PC by using *File/Manage Maps/Export Maps to PDA* or *Export Maps to PDA Storage Card*.
